publican. A party like the Republican party of Kansas, which disfranchises American citizens, and attempts to put in force a Constitution while it is yet a dead letter, a party which has borrowed the tactics and logic of "candle-box" Calhoun, very likely will use "every appliance to defeat and PAPER WAREHOUSE. defraud the people." The case is desperate, the Republicans did not wish Gov Medary to see the returns until they had passed through the alembic of Mr. Winchell's pocket, and they fear defeat. The people everywhere should see that the Convention law is strictly enforced,-As the Republicans have raised the signal note of "fraud," look out for them.

"No fear of cheating" said the Republican, on the 30th of June, last in speaking of Gov. MEDARY's action in reference to the returns of the June election. It characterized the fear of cheating on his part as groundless. So no fraud is to be expected from Gov. MEDARY.

Our County Fair. The Leavenworth Dispatch gives a very

handsome notice of the Douglas County Agricultural Fair, and expresses the hope that Leavenworth will carry off a majority of the first premiums. The Society have shown a commenda-

ble zeal in prosecuting this enterprise, in spite of listlessness and the hard times. They have had a large amount of up-hill work to do, but have energetically overcome obstacles, and will succeed, if the farmers, mechanics, and citizens of Douglas county manifest a tithe of the public spirit for which they have credit. By Bankers & Dealers in Exchange, spirited competition for the premiums, and a full attendance at the fair, the first annual exhibition of the Douglas County Agricultural Society may be made a spectacle of which every citizen of the counment.

Some of our cotemporaries, however, think differently upon this subject, and urge a most astute argument in favor of Mr. Parrott's re-election in something like the following: Say they, "It is true that Mr. Parrott did not do anything for the material interests of Kansas during the two years that he was at Washington; but then proof boy! this must be atting to:

To THE ELECTORS OF DOUGLAS COUNTY. The following is a copy of a resolution gounty, July 23, 1859:

"Resolved. That the question of a loan of \$17,500 for the purpose of erecting a jail at the county seat, be submitted to a vote of the people of the purpose of erecting a jail at the county seat, be submitted to a vote of the people of the purpose of erecting a jail at the county on Tuesday, the 4th day of October next, and that the County Clerk be authorized to give notice by four publications in each of the papers published in Douglas county, on Tuesday. Oct. 4, 1850, to be conducted in accordance with asid resolution, notice is hereby given, that an election will be held at the several election the qualified voters of said county will determine for or against a loan of \$17,500 for the purpose of erecting a jail of said county will determine for or a ceive the most cheering reports announc-

He has now grown older, (that's so—two years older,) and wiser, (amen to that) and more honest; (the Lord be thanked,) and now let us send him back to Washington, and only see how he will to Washington, and only see how he will 'pitch in.'" No, no! such arguments as that, to induce the honest voters of the Territory to vote for Mr. Parrott, will fall far short of their aim. It is simple and childish to urge that in this important crisis in our history, we must elect Mr. Parrott again to Congress, in order to see if he can't be coaxed to bestir himself somewhat in behalf of the material good of Kansss. It may answer as clap-trap for 'politicians; but the people whose great interests are at stake in this matter, ant some reason more solid before they an consent to poll their votes for the reelection of Mr. Parrott. They know that with Mr. Parrott we can hope for nothing; but that in Judge Johnston we may expect a diligent, faithful and efficient worker for the great material interests of the Territory at large. We have sent Mr. Parrott to Washington—we might as well have sent a man of bass-wood. We have Parott to Washington—we might as well have sent a man of bass-wood. We have this advantage, therefore, in the election of Judge Johnston; as Delegate, he can't do worse than Mr. Parrott has done. If the debt.

The law providing for the formation of a Constitution and State Government, is a special law for the purposes described therein, and in it are stated the qualifications of voters and the term of residence, and has no reference to the General Election Law passed and approved February 4, 1839, and which prescribes three months' residence only, and ten days' residence in the ward or township, and a registry of voters. A Registry made for three months' voters, is manifestly no check upon illegal voting under this law, which requires six months' residence, and is an accountified against the Act providing for a Constitution and State Government, under color of law, and 'that which was intended as a means of preserving the purity of the ballot-box, may be the most expert means of defling it, and adroit manner of concealing the fraud; while in those counties and townships which have not completed the registry for this election, great injustice will be done to bona felse resident, who are justly entitled to vote, and without whose votes no fair expression of opinion upon the Constitution can be obtained.
